Olatunbosun Israel

Front-end Developer

As a frontend developer, I have the ability to transform figma designs to web-apps using modular reusable components and libraries. Do check out some of my works in the portfolio section.

Portfolio Projects

2022

Personal Portfolio Web-app

Designed a portfolio website for myself where I can showcase my works. This was made with *React*

[Click here to view website](#)

2022

Meta-verse Themed Website

Made a meta-verse-themed website using *React*, *Next JS* and *Framer-motion*.

[Click here to view website](#)

2022

Omicron Gadget E-commerce Website

Designed a fully responsive e-commerce website using plain *HTML*, *CSS* and *JS*.
